## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 102***

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claim 39 and 40 are rejected under 35 U.S.C. 102(b) as being anticipated by Bourne, Jr., U.S. 3,094,170.

Regarding claims 39 and 40, Bourne Jr. discloses a hollow mandrel (38), a packing means (44,46), a valve (62) engaging the mandrel (at 60) such that relative rotation is precluded to facilitate removal (col. 6, lines 17-33), a central member (72) having a selective releasing means (54) and an anchoring means (18).

### ***Allowable Subject Matter***

Claims 1, 2, 4-15 and 20-37 are allowed.

### ***Response to Arguments***

Applicant's arguments have been considered but are moot in view of the modified grounds of rejection.

Selective releasing means is equated to the prior art serrated connection and not the biasing means.

Applicant should note that limitations directed to the non-circular cross-section and tab are not in claim 39.

***Conclusion***

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
